

LOFTwall™

divider screens for living and working.

your wall. your way.

LOFTwall™

your wall. your way.

**Defining your living space
has never been more flexible,
stylish and creative.**

By combining a super sleek aluminum frame design with removable, customizable panels, LOFTwall™ lets you redefine and enhance your living space with whatever style suits your mood, personality, or design palette.

Created for people who enjoy the concept of open living space but still desire designated areas such as dining, home office or bedroom, LOFTwall™ allows you to segment space while maintaining an open flow throughout your home.

LIVING SPACE

When your taste or lifestyle changes, your LOFTwall™ easily changes with you.

With LOFTwall™ you're not limited to drywall or other permanent wall solutions. Our lightweight and easy-to-assemble dividers can be customized to suit a variety of interiors.

Choose from any of our standard panel finishes or explore your own ideas with our DIY (Design It Yourself) instructions to create panels in materials and colors that fit your personal taste and style.

FRAMES

Aluminum frame designs are available in 78" height with 4', 6' and 8' widths. Frame hardware includes all components, bases and tools for assembly. Custom frame colors and finishes are available.

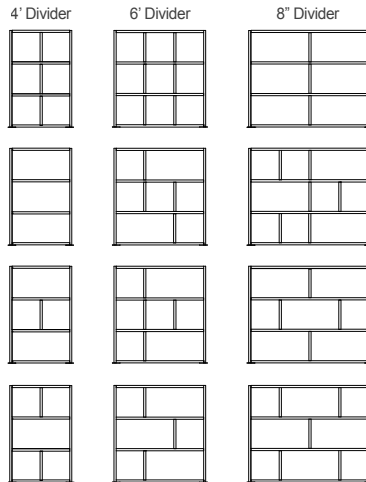

INFILLS

LOFTwall™ infills are available in a wide range of finishes to create your own unique combination or look. Our DIY panels are ready for you to add fabric, wallpaper or to experiment with your own distinct ideas.
